

Flashforge AD1 Specification Sheet

► Print

Number of nozzle	1 (two in / one out)
Nozzle diameter	0.6mm
Nozzle temperature	260degree
Print speed	10-80mm/s
Heating build plate	100degree
Leveling	8 point (manual)
Material	A-PLA
Build volume	600*600*70mm
Layer height	0.2mm-0.4mm
Print resolution	±0.2%mm

► Communication

Software	FlashAD
Data transmission	USB disk, Ethernet, FlashCloud
File output	GFZ
File input	Fad, Stl, Nc, Cdr

► Device

Device volume	1170*975*485mm
Packing size	1170*1140*610mm
Screen	4.5-inch touch screen
Weight net	50.2kg
Gross weight	76kg
Rated voltage	220VAC,47-63Hz
Power	1500w
Spool holder	53mm
Filament spool	53*200d* 52h
Memory	8g

► Features

Resume printing from power outage	Yes
Filament detection	Yes
Screensaver function	Yes
Printed file identification	Yes
